ACCOMMODATION & SERVICES

Since Albufeira is the Algarve's main "Sun and Sea" tourist destination, we're highlighting a wide range of accommodation, restaurants, pubs, bars and clubs that, combined with the city's excellent sports infrastructure, make this an ideal sports tourism destination, perfect for quality training camps.

Still in the area of support and complementary services to sporting activities, we would point out that there is a range of specialist services in event organisation, sports protocols, and sport-specific massage and physiotherapy.
